

BECOME A SOL CERTIFIED CONTRACTOR AND PLAY IN A HIGH-VALUE MARKET

Increase your revenue by taking advantage of the opportunity to partner with a pioneering leader in the growing solar lighting industry. Our goal is creating a quality experience for everyone we work with—contractors, agents, and customers—and you can be part of that. **We've built a program that can bring you more business, more income, and more opportunity.**

TAP INTO ONE OF THE FASTEST GROWING INDUSTRIES.

Sol's solar lighting product offers a no-compromise solution on price, quality, and capability versus grid-supplied lighting—

and you can be at the forefront of this energy evolution.

In our US target markets, an estimated 63,000-plus lights are expected to require installation in 2018, with rapid growth projected to continue.

63,000+
NEW LIGHTS
IN 2018

And we set the bar high. At Sol, our 20-plus years of experience allow us to develop investment grade, bankable products that are Buy American certified and trusted in the marketplace to provide a reliable, easy-to-install solution.

20+
YEARS'
EXPERIENCE

ONE PRODUCT. ENDLESS POSSIBILITIES.

We offer lighting for:

local & collector streets

pathways & parks

perimeter & security

parking lots

general area lighting

WHY SHOULD YOU GET SOL CERTIFIED?

- ▶ **We'll send you business:** Our national network of agents is working to not only specify our product into projects, but also promote the use of Sol Certified Contractors for each installation. And we'll showcase your successful projects to generate more business.
- ▶ **We'll provide you with revenue opportunities:** By having direct access to product, you can be competitive in the market. Whether your installation is big or small, you can make more money on each project.
- ▶ **We won't waste your time:** We offer a short but comprehensive training program and installation support, helping you and your team install systems faster.
